EARSS EVO 2.0EX *S*

Real Force Feedback Steer-by-Wire Rudder Control System - Electromechanical Rudder Actuation

IP65 4.3" TFD-DISPLAY with Resistive Touch Screen

EARSS EVO 2.0EX *S* Force Feedback Actuator
Resistive torque
5-100Nm

4 turns HOH

Fail Safe Device

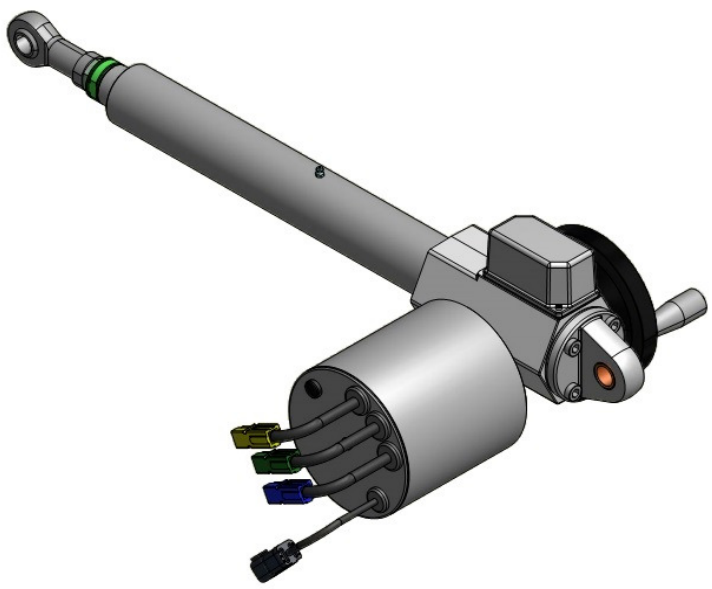
IP65
24V

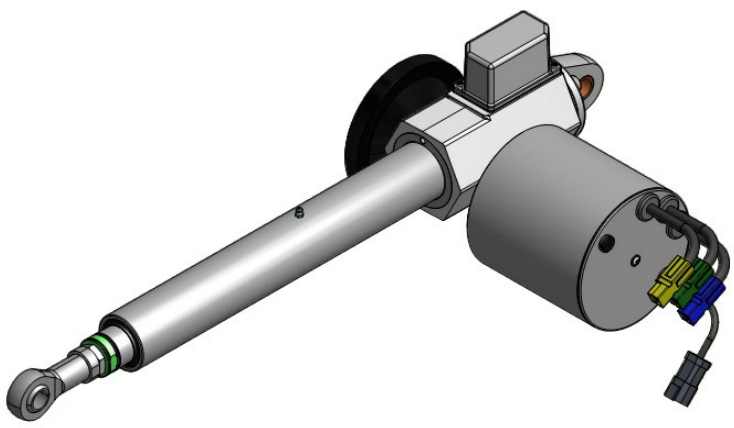
Remote GPS/GPRS and Data Logging System

SIL 2 MAIN ECU's

Sine Wave Brushless Motor Controller

Digitally Controlled Electromechanical Actuator with manual Override





Rudder Angle Sensor/s 100% Redundant
